

**Live. Learn. Learn to Live at Home as Global Citizens.**

February 19, 2019

Dear World Citizens and Their Parents:

In our life-long quest to understand where we live and where we come from in time & space, we are venturing further afield in two weeks, heading down from the mountains of our beloved Gila & into the Salt River valley around Phoenix. It's time to learn about art, biology, culture & humanity's 'capacity to endure' (eg. 'to-live-sustainably') while focusing upon one of the most engaging and *historically relevant* periods in human history, the post-WWII Cold War era of (i) international human rights, coupled with (ii) the development of a globalized culture of consumerism.

**Here are the essentials:**

**Who:** Any student whose schedule is made up of 50% or more of 10<sup>th</sup> grade classes

**What:** A 4-day trip to the International Border, the Phoenix area, and the Mogollon Rim in Arizona

**When:** March 4 to 7 (5:00 am Monday through 5:30 pm Thursday) with an option for students to stay overnight at the school on Sunday March 3, as long as they arrive at the school between 7:00 and 7:30 p.m. that evening.

**Places we are Visiting:** The US Border Patrol station in Nogales, People Helping People educational office (e.g. humanitarian Aid museum) and a Shrine for Migrants on the International Border near Arivaca Lake, Public lands that have a wild character, the Biosphere, Art and Music Museums, Team Building at urban recreational facilities, and the Oak Flat Indigenous Rights Encampment.

**Why:** To engage in experiences that guide us in becoming conscious of the biological, social, economic and political realities that form our collective heritage.

**How Much:** \$84 standard fare; up to \$124 to help us cover all costs except staffing; \$40 "bare-bones" fare.

Travel, as you know, can be both enlightening & expensive. As always, ALCS faculty have endeavored to keep trips as affordable as possible, sleeping in campgrounds, taking advantage of student discounts, and packing as much as possible into 4 days of city & desert travel. 2019 marks the sixth consecutive year that ALCS has sponsored a multi-curricular trip for sophomores, & we hope that all students in the class will be able to attend this curricular road trip that offers students (1) a glimpse of a wider world beyond our Gila home country, and (2) an integrating context for understanding facts, issues & stories that are often hidden in plain sight.

The cost of this trip to the school – not including teacher and substitute salaries – comes to \$120 per student. This amount includes admission fees for three museums and an Apache community; recreational park; hiking; the cost of driving the bus; & 8 meals. As is our usual practice, we have a three-tiered fee structure for this trip. The "bare-bones" cost covers just the food we will purchase to feed your student. At \$5 per meal, that's \$40. The standard cost includes admission to a recreational park, the offices & museums we visit, and our camping fee; that comes to \$84. And the full-fare option, for those families able & willing to help us continue to provide such rewarding experiences to Grant County's teenagers, is \$124. If coming up with the money to pay for this

trip is a hardship, know that eligible households may apply for a school subsidy of \$20.00, bringing the “bare-bones cost” to only \$20.00. This last option is available to families who qualify for the free or reduced lunch program. The Aldo faculty will never let a student’s financial challenges get in the way of attending a school trip.

On Monday Mar 4th, we are asking students to bring “a sack breakfast & a sack lunch” as well as 2 quarts of water each and snacks for the 2-mile hiking trail. We are also asking them to buy their own dinner in Phoenix on Wednesday. *Numerous affordable options for dinner—under \$10—are available in the part of Phoenix where we will be walking that evening.* We will return to ALCS around 5:30 PM on Thursday, March 7th.

This year’s 10<sup>th</sup> grade trip is a “new-& improved version” that offers students roughly equal time in museums and outdoors with feet on the trail, learning scientific concepts & cultural perspectives outside of the classroom. Additionally, students will also have the opportunity to (a) experience international border issues & indigenous rights movements through a humanitarian lens – cast in the light of their World History focus on the United Nations & Universal Declaration of Human Rights -- and to (b) integrate our ongoing discussion about the global factors influencing the displacement and movement of people over the course of our globalized human history.

Even though we will be lower in elevation and in a warmer climate than Silver City for most of the trip, the principle of layering prevails; a jacket or fleece is necessary, as are closed-toed shoes, light clothes & a hat for warm days. On night 3, we might be camping closer to 5,000 feet in elevation, and warm bedding will be extra important. So, too, are a warm sleeping bag and a shared tent necessary. And, while rain is a rare blessing here in this region of North America, it’s always possible—so students should bring rain gear.

A packing list is attached below. If you have any questions about the trip, don’t hesitate to contact me at 575-654-3622 or at [prankin@aldocs.org](mailto:prankin@aldocs.org).

With kind regards,  
Pete Rankin
