News for all

Goooooooooooooooooal!!!!!!!!!!!!

In a very exciting game, the Silver High Lady Colts Varsity Soccer team won its first State playoff game, outscoring the Taos Tigers 4-2. It was a beautiful fall day to be at Ben Altamirano Field. The stands were packed and spectators lined either side. The young Taos Tigers kept the seasoned Lady Colts running the whole time. Finally, well into the first half, Silver Senior Denali rewarded the enthusiastic crowd with a goal and the fans went wild! Before that half ended Denali scored aNOTHer goal, encouraging the crowd into believing this game was wrapped up. But the Tigers were not going to give up so easily! At the beginning of the second half, the Tigers scored *two* goals close together-showing the crowd that these girls were determined. The Silver goalie was injured during the second goal, forcing her to limp off the field. Denali replaced her in the net. In the second half of the second half, Aldo senior Aji was fouled and as Aldo senior Michelle positioned herself to take the shot on goal, the crowd stomped and cheered. Michelle's perfect kick flew past the Taos goaltender! Silver was on top again. Shortly thereafter, senior Aji put the icing on the cake with her last goal at her home field. The Lady Colts (yes, that makes no sense) traveled to Albuquerque Tuesday afternoon for

their quarterfinal game against St. Pius X High School on Wednesday. Good luck, girls, and may you run fast, kick hard, and stay positive!

Silver City goes to Washington

Several members of our local community traveled to **Washington, D.C.** to speak with our **United States Senators Heinrich and Udall** about introducing legislation that would designate stretches of the **Gila River as Wild and Scenic**, thus protecting those areas from diversion and other possible development. Among the delegation were Aldo Business Manager **Harry Browne**, Governing Council member **Jamie Crockett**, and senior **Ava Bjornstad**. These community-minded people were there wearing their other hats, though: Harry as a Grant County Commissioner, Jamie as a business and land owner, and Ava as a dual-enrolled student at WNMU. The trip was organized by the New Mexico Wilderness Alliance with support from the

Pew Charitable Research Fund. Ava had the privilege of being escorted by our U.S. Representative Xochitl Torres Small through the underground tunnels to the gallery of the U.S. House of Representatives. While they were walking, Ava asked Representative Torres Small what it is like to be a woman from a rural state in the U.S. House of Representatives. Torres Small said she draws on the spirit of the pioneer women who settled the west.

(l. to r.) Jamie Crockett (GC member), Chris Ponce (Chair of the County Commission), Larry McDaniel (former GC member), Ava Bjornstad (senior), Holley Hudgins (next to Ava, representing State Rep. Rudy Martinez), and Diana Ingalls Leyba (YCC Mural Crew supervisor). In front of the map are Harry Browne (Business Manager), and Senator Martin Heinrich

Some people think of it as a lucky day

Our meeting with *all* ten members of the **Public Education Commission** in Santa Fe for the **renewal of our charter** has been moved to **Friday, December 13**. We are sending the cream of our crop to represent us at the hour long meeting: Mr. Sherwood

(the director), Harry Browne (business manager), Fiona Bailey (assistant director and Title I reading specialist), Jamie Crockett, AJ Sandoval, and Hannah Wecks (all Governing Council members), plus one middle and one high school teacher (as yet, named). After everyone has had their say, the commission will vote (right in front of us!!) and we will go celebrate (at least that is our plan).

Remember, Remember, the Food of November (or: A Foiled Plot Deserves a Soiled Pot)

The high school Culinary Arts/Primitive Skills class made English food yesterday for [Guy Fawkes \(November 5th\)](#). This is a really fun holiday that features bonfires.

Sausage Rolls

Yorkshire pudding (traditionally dough under the roast that caught the meat fat drippings)

Mince Meat Pie

Custard

Lunch

Danger Zone

Before Top Gun Flight Training School

After

Just try not to laugh at that crying baby

Winners of the middle school Halloween costume contest
(l. to r.) Yulan, Madyson, Brian (7th grade) Maya & Cedar (8th) Lola, Emma, and Kyuss (7th)

Muuuaahhh!!

Ms. Aversa's middle school creative writing class held a **Spooky Story Writing Contest**. In the two sentence scary story category all the prizes went to 8th graders: **Ella** for Classically Scary, **Maya** for Twilight Zone-ish, and **Celestia** for Creepy. The Short Story prizes (Creepy, Campfire Tale, and Plot-Twist) went to **Pranay (8th)**, **Willow H. (8th)**, and **Jessi (6th)**. And the overall prize for the creepiest of the creepy went to 6th graders **Jace, Dominic, and Julian** for their creepy rewriting of a well-known poem: *Roses are red. Violets are blue. Your friend is dead and now you are, too.*

The **semi-annual graffiti fest** rears it's creative head on **Saturday, November 9 from 12-6pm** in the parking lot behind **A-Space Gallery** (that dirt lot between Morning Star and Paws for our Cause thrift store on Bullard) . Paint, panels, stencils, and guidance will be provided!

High School

Around and around you go....

There is **no Community Orientation** class this Friday because those kids will have just returned from four days of orienting themselves to place on the Sonoran Sojourn (that means no language arts or math class, either). Next week they will be going out to the beautiful Pitchfork Ranch (again, no language arts or math class) to continue on watershed restoration projects.

Middle School

No apples, no problem, we are coming anyway!

This Friday we are going to be hiking up to Little Cherry Creek Ranch! At this time of year the leaves will fall to reveal a beautiful view. When we get there we will have 3 rotations: planting a pollinator garden, collecting wood for a possible campfire, a tour and talk about off-the-grid living. After all of that is done we will be hiking back. **Don't forget your BIG 5: two water bottles, hat, healthy snacks and lunch, journal and pencil, and appropriate shoes for walking far.**
