| 10 - 12 PM | Cafeteria | Brunch | |
| 11 PM | Castle Lobby | Cananea to Santa Fe | |

Welcome to UWC-USA's annual conference. This year's conference topic is **Migration and Belonging**. Student hosts will take notes during sessions to help us gather some outcomes/next steps related to these questions:

What are your personal experiences with migration and belonging?

What defines "home"?

How do we include and exclude others?

How does migration affect the communities where people arrive?

Nationality is part of our identities; how do we move beyond nationality?

How do borders define us/shape our identity?

Migration is not just a human experience; how is it affecting our landscape and other species?

These will be gathered from each workshop and summarized to share back out with the conference participants Saturday afternoon. Please use #uwcmigrationandbelonging in your social media posts. For WiFi, please log into "Guest." The password is: Join2day.

We appreciate your willingness to participate and contribute throughout. Hopefully, you will hear and listen to some viewpoints that are different than yours and even some with which you strongly disagree. Please remember that without attempting to understand one another's perspectives, conversations stay stuck in predictable patterns and conflict cannot be transformed. We ask that all presenters and participants strive to engage constructively with one another. Ask questions and disagree, but please do so respectfully.

- For WiFi, please log into "Guest." The password is: Join2day
- Please do not use tobacco, drugs, or alcohol during the conference or while you are on campus.
- Please do not enter the student dormitories unless you have been assigned to stay there.
- If you are staying overnight at the UWC-USA Field House, your presence at evening check in the Field House is required at 9:30 pm (unless otherwise announced). Please be prompt. You may leave the Field House after 'check' but need to be back in the Field House before midnight. Someone will be staffing the Field House and can help you with any logistics during your stay there.
- Hot Springs closed to students from 9:30 pm - 7 am

- No violence, weapons, harassment, hate speech, or bigotry will be tolerated.
- Valuables should be kept locked in your personal vehicle or lodging area. UWC is not responsible for lost items.
- UWC-USA students are required to participate in all 4 keynotes/plenaries and 4 out of 4 workshop sessions in order to receive CEC credit for graduation. Attendance will be taken at each workshop.
- Our goal is to help students connect across schools; please make every effort to sit and talk with people you don't know and to welcome each other to this shared space.

Thank you for your support in creating a positive community. We hope your time with us is invigorating, thought-provoking and fun! Should you need assistance contact Security at +1 505 454 4288 or talk with a staff person or call Naomi, conference coordinator, at +1 910 264 4483. We look forward to our time together!
