The next big thing the high school is working on is transitioning to a new campus at **Ritch hall WNMU**. A spring incentive trip might be in your near future high schoolers! Thanks to the wonderful people that bought art at the Pridefest, they helped raised \$80 for the **GSA (Gay Straight Alliance)**!

### Do not read the next line

You little rebel, I like you already.

You've heard it a Gajillion times, but, y'all, 10th & 11th graders are out and about in the wild, wild west! We know they are having the time of their lives, because the 9th and 12th graders had so much fun! How do we know? Because we're spies. Nothing to do with this next picture at

all.

See? Zoom in to see the smiles on their faces. They're having so much fun...They remembered that they had to bring *fleece* not *cotton* and they were prepared for rain. We hope the sophomores and juniors remembered as well...If not, oopsie poopsie, you're going to get wet. The school is so much quieter without them, it's super weird. ...We can't wait for them to get back!

Parents, come pick your kid up on **Thursday** at **3:40**.

## **YCC/Internships**

YCC and internships will be running regularly on **Friday, September 28**. If your child has a conference at the school (you'd know by know because the school would have called you to set up a time) they must get themselves to the school on their own for conference time.

## **The Suspense is Real!**

Middle School Student Council elections happened, and the election choices will affect the whole school year. Student Council is a serious job. First, is the biggest job of all, Amelia as the President. The President is responsible for the final decision of the choices brought up, and the one who brings up some events and ideas. Second is Levi and Drew as treasurer, the treasurer is responsible of the money and funding of events, they also think of ideas to raise money, too. Third is Karren and James as co-Vice Presidents, the Vice President is in charge of everything when the President is gone. Fourth is the Representatives of each middle school grade, there can only be two reps per grade, but they do a big job. 6th grade reps are, Zev, and Kyuss. 7th grade reps are still being decided. 8th reps are Josh, and Charla. These students represent the class and listen to others ideas, they also try to improve the class environment.

## What happened to Friday?

This Friday there will be no school, for Student Support Sessions. You will be having a 3 DAY WEEKEND!

The Friday 9/21/18 we went to the Gila River and had *so much* fun these are some of the pictures that we took.
